

Connect Your Distributed Team - All in Zoom!

The **very first Zoom App for Breakout Rooms**, twine for Zoom works where you do. Match employees based on set rules for timed, back-to-back group or 1:1 conversations.

Key Features:

- ✓ Hosts **match employees using custom rules**; pair new hires with old, Mentors with Mentees, etc.
- ✓ Timed **roulette-style** video conversations in 1-on-1 or small group format
- ✓ Recreate office **serendipity**: spacial map mode & **table names** let employees choose who they want to talk to
- ✓ Customizable **conversations starters** & activity assignment
- ✓ **Simple setup** means you can setup your event in Zoom and let it run
- ✓ Utilize **templates** for one-click setup & easy replication

twine for Zoom is great for...

employee onboarding

training & development

employee socials & all-hands

"Keeping our teams connected in a remote-first workplace is critical for us. It allows us to dismantle siloes that build up and at the end of the day, allows us to better support our customers... exceptionally easy to set up and we accomplish more in 20 minutes in twine than we could with 50, 30 minute Zoom calls."

- Bridget Brett, VP of Customer Success, LiveRamp
