Wall Street Green Digital | **October 15, 2025**

Location: Virtual Conference with \$25 Admission

Attendees: 1,000

Peter Fusaro built the Wall Street Green Summit 23 years ago to attract investors to climate tech solutions. Based on its enormous success, the Wall Street Green Digital Summit enlarges the tent to include companies from all over the globe, and a wide range of topics such as hydrogen, carbon removal, carbon offsets, ESG reporting, biochar, blue tech, the circular economy, agriculture, fashion, manufacturing, digital twins and more.

Who Should Be Involved: Investors, Financial Institutions, Green/Climate Solutions Providers, Governments, executives at sustainable companies, educators, NGOs

Partner Participation: Partnerships include banner placement, unique pages for company assets, aggressive pre-event social media campaigns, VOD and post-show data/lead gen.

It's all virtual with a low carbon footprint!

2025 CES Show in Las Vegas | January 7-10

Location: Las Vegas, Nevada

Attendees: Over 150,000 international attendees

We're looking for speakers who can address the following:

- Robots at Retail
- VR and AR at Retail
- The All-Seeing Store (Smart Cameras at Retail)
- AI and Retail
- Tariffs, Blockchain, and Traceability in Retail
- Wearables and Fitness
- Kids and Parenting
- Travel
- Insights on your life (Biohacking)

Plus, we're building the CES Creator Hub, a unique place for creators to learn from each other, and for brands to learn about the creator economy. Think of it as a working area at CES that focuses on all aspects of the creator economy. Creators will be live, on-site, building content live on the show floor. Exciting programming on the central stage will engage you with the creator industry, and immersive activities will help beef up your creative skills, both as individuals and enterprises.

Silicon Valley Video Summit | January 28, 2025

Location: Computer History Museum, San Jose, California

Attendees: 800

Video is the new lingua franca and we're all in the broadcast business now. The bar is raised for creating immersive experiences in physical and online worlds. At Silicon Valley Video Summit, we focus on what goes on behind the scenes to build tech-forward immersive events and experiences. This exciting event is geared toward CTO's, tech directors, AV producers, and the companies and products that support them. We will showcase cloud collaboration, AI, video distribution, AR/VR content creation and other emerging technologies.

The NAB Show | April 6-9, 2025

Location: Las Vegas, Nevada

Attendees: 60,000

In 2024, NAB Show headlines were all about AI and the Creator Economy. We're doing it again, only bigger and better. The NAB Show Creator Lab looks at how the creator economy is reshaping broadcast with new distribution, monetization, and creation platforms and tools. Every company, large and small needs to jump on board, as the economy of content creation is rapidly changing.
